

**Neisseria meningitidis** A

**P** I love being inside closed places with unvaccinated people.

**MENINGITIS** D

**A** I look like a snowman sitting on your brain.

**Tricophyton rubrum** A

**P** I love hiding in the midst of the toes, especially when they are humid and wet!

**ATHLETE'S FOOT** D

**A** If people could see me, they would say I look like a camouflaged octopus!

**Poliovirus** A

**P** I hate vaccine campaigns with that Sabin's oral vaccine!

**POLIOMYELITIS (INFANTILE PARALYSIS)** D

**A** I am a virus which looks like a handicap robot with many cones!

**Rabdovirus** A

**P** Vaccinated dogs bother me when I'm travelling.

**RABIES** D

**A** I look like a devil when I get rabies.

**P** I look that vaccine today. Did you take it too?

**T** Yes! And it didn't hurt!

**T** I use droplets that people spit to move myself from one human to another...

**T** When I swim with the droplets I reach the MENINGES as quickly as I can.

**P** I love sunbathing at the swimming pool and bathrooms that are wet!

**T** I get in through the same door as food!

**T** I'm a kill joy villain accused of terrorizing children by PARALYSING them!

**T** I use my host's teeth to get where I want on time!

**T** If you listen to part of my name you might think they're talking about that singer Michael...

**T** I keep my habit in the middle of the earth's surface with rusty nails and horse manure.

**Paramyxovirus** A

**P** If everybody takes this MMR vaccine I'll lose my house!

**MEASLES** D

**A** I'm round and I get red spots, specially when I have fever.

**Clostridium tetani** A

**P** "Triple Trio" gets into our nerves! My friends Diphtheria and Whooping Cough are annoyed when Triple Trio is the center of attention.

**TETANUS** D

**A** People say I have a big head like an astronaut. Do you really think I do?

**Toxoplasma gondii** A

**P** If people take good care of sand pits by covering them, how will I ever have the chance to attack my victims?

**TOXOPLASMOSIS** D

**A** I look like an upside down comma. I keep dreaming of faces where I can rest.

**Mycobacterium tuberculosis** A

**P** The name of the vaccine they use against me has three letters. Find out which ones they are!

**TUBERCULOSIS** D

**A** If you listen to part of my name you might think they're talking about that singer Michael...

**T** When everybody is very close, I'm very quick and smart.

**D** I + e + p + y + s

**P** I keep my habit in the middle of the earth's surface with rusty nails and horse manure.

**D** 10-n+ + -b

**T** I love hiding in the feces of cats and dogs!

**T** -e-s+6-si+o+7 -ne+ -ke+sis

**T** My favorite transports are: not pasteurized milk from sick cows and spit from sick people.

**D** +R+ +BE+ -CK+SIS

**HIV** A

**P** I'm stuck in a real hefty kind of preservatives...Damn it!

**AIDS (Acquired Immune Deficiency Syndrome)** D

**A** I am well known by three letters!

**Entamoeba histolytica** A

**P** Soap and treated sludge are my mortal enemies!

**AMEBIASIS** D

**A** I use the movement of my body to capture nutrients. I look dumb but I'm very smart!

**Candida albicans** A

**P** Mommy's care will make me vanish!

**CANDIDIASIS** D

**A** Look at my cute cubs budding around me: aren't they pretty?

**Varicella zoster** A

**P** I cause no harm to little children, only my little wounds... I'm bad to unvaccinated adults.

**CHICKENPOX** D

**A** What a terrible itch!

**T** ...making love without a condom.

**D** I'm considered the most evil disease of the century!

**T** Contaminated water is my favorite place to swim and rest.

**D** -hmm+g-cicle+ -tle + is

**T** I can live very well with my host... I turn out to be a problem when they lose their defense weapons and become weak.

**D** I wonder why they say I'm candid.

**T** I jump from one human to another!

**D** +P+ -B

**Trypanosoma cruzi** A

**P** If they exterminate the kissing bug I'll be completely lost!

**CHAGAS' DISEASE** D

**A** I'm very clever. I can get to one's heart when an opportunity knocks.

**Vibrio cholerae** A

**P** Soap, chlorox, vinegar and heat are my atrocious enemies!

**CHOLERA** D

**A** I'm loosing a lot of water and energy. What a terrible stomach ache!

**Bordetella pertussis** A

**P** I have two very close friends: Clostridium and Coryne, our toxic products, when treated well are always together to protect humans against diseases as tetanus, diphtheria and whooping cough.

**WHOOPIING COUGH** D

**A** I've never learned other words, only cough...cough...cough

**Flavivirus** A

**P** If people get rid of all stagnant water, my host Aedes will not survive. Then I'll be lost!

**DENGUE FEVER (BREAKTONE FEVER)** D

**A** I enjoy flying with my winged pilot, his name is Aedes.

**T** I hide in my host's feces but I change my address when it bites somebody.

**D** -ir+ -t+s+ +Disease

**T** Some of my seafood favorites are oysters and raw fish in general!

**D** -eese+ -d-j+ era

**T** Cough pits take me from one place to another.

**D** WH+ -MN+P+ -K + -W+UGH

**T** My host Aedes loves stagnant water. I move quickly to a new house when he bites someone!

**D** -gar+ -itar+ -99

**Influenza virus** A

**P** I'm a deadly virus which weakens old and unprotected humans!

**FLU** D

**A** I'm a very "influenza" virus and in all sense sociable!

**HBV** A

**P** Oh! This new vaccine prevents me from visiting my favorite target! It looks like a sombrero but it is a lovely liver!

**HEPATITIS B** D

**A** I'm a virus with big cheeks.

**Mycobacterium leprae** A

**P** If everybody starts washing hands with soap and water, I will definitely lose this game!

**LEPROSY**  
(Hansen's disease) D

**A** Don't I look like Superman?

**Leptospira interrogans** A

**P** Garbage in the carbage can? Where will the rats go? And what about me? The rain water will wash me right down the gutter!

**LEPTOSPIROSIS** D

**A** I'm a great diver!

**P** **T**

**T** I could be called the "A-tichoo" virus!

**T** **D**

**D** What makes you a-tichoo: clue, blue, glue or flu?

**P** **T**

**T** Moving from one place to another is easy: I take the bloodstream just like my friend HIV.

**T** **D**

**D** The hepatitis B vaccine can protect you!

**P** **T**

**T** When I want to escape I like to go through the nose!

**T** **D**

**D** When I was discovered I was named Hansen's bacillus.

**P** **T**

**T** I'd rather live in rats but when they pee I get a ride and swim in the flood water.

**T** **D**

**D** If you don't want to have leptospirosis, stay away from flood water!

**Plasmodium maraliae** A

**P** Wow! I've just escaped from that poison! Now this mosquito net is keeping me out, I'll give up.

**MALARIA** D

**A** Fever, sweating and trembling! I'll probably lose weight!

**P** **T**

**T** Where is my friend Anopheles? It used to give me rides.

**T** **D**
